

Style, Performance, Service. That's the Fypon® advantage.

An unforgettable first impression.

Discover expanded style options for our Distinction crosshead, now available to add an updated look to timeless design. Dentil and bottom trim are offered in both ready-to-install and trimmable options, and complement a variety of architectural home styles including Victorian, Colonial, Cape Cod and Modern Farmhouse.

Trimmable Crossheads

- Longer available lengths can be measured and cut to the exact size needed at the jobsite – reducing the requirement of placing two pieces together and eliminating the need for patching.
- Easy to install – just measure, cut, glue and screw.
- End caps overlap the breast board, concealing installation screws.
- Optional dentil and bottom trim can be measured and cut to the exact size needed, at the jobsite.

Ready-to-Install Crossheads

- Product is ordered in the exact size needed for your project with end caps already attached, allowing for quick and easy installation.
- Optional keystone, dentil and bottom trim are factory applied.

Trimmable Distinction Crosshead

- Available in heights measuring 6" and 9" and widths measuring 36", 48", 144" and 216".

6" or 9" Distinction Trimmable Crosshead

Distinction Crosshead End Caps

- Available in widths measuring 1-½", 3-½", 7" and 11", to fit standard trim and pilasters.
 - End caps measuring 7" and 11" are trimmable down to 3-½".
- Note: End caps must be ordered with all trimmable crossheads.

1-½" End Caps

3-½" End Caps

7" End Caps

11" End Caps

Trimmable Dentil and Bottom Trim

- Dentil trim adds visual interest with evenly spaced teeth and sharp shadow lines.
- Bottom trim offers a softer, subtle decorative element.
- Available for crosshead heights measuring 6" and 9".

Dentil Trim

Bottom Trim

Ready-to-Install Distinction Crosshead

- Available in heights measuring 6" and 9". Widths for 6" high crossheads are available from 24" - 144", and widths for 9" crossheads are available from 24" - 216", both in 1" increments.
- 1-½" end caps come standard.
- End caps in widths measuring 5", 7" and 9" are available for select crossheads, to coordinate with pilasters.
- Keystones and / or routed options are also available.
- Note: Dentil and bottom trim options are available. Bottom trim adds 1" to the height of the crosshead.

Craftsman-Style Crossheads

Style, Performance, Service. That's the Fypon® advantage.

Timeless style.

Fypon Craftsman-style crossheads complement a variety of architectural home styles, adding an on-trend look. Our Craftsman Cove crosshead features authentic Arts & Crafts charm, and our Craftsman Step crosshead emphasizes the elements of early Craftsman-style homes.
